

Seventh International Conference on Aerospace Science & Engineering (ICASE)**ICASE 2021****Workshop On Geomagnetism & Ionosphere Schedule****15 Dec 2021**

0930-1000	Dr. Mamoru Ishii	Japan	Domestic and International activities of Space Weather
1000-1030	Dr. Yun	Korea	Activities of Korean Space Weather Center on Ionosphere
1030-1100	Dr. Rasson	Belgium	Introduction to geomagnetic observations
Coffee break (1100-1130)			
1130-1200	Prof A. Babatunde Rabiou	Nigeria	Space weather activities in Africa: observations and research results - I
1200-1230	Prof A. Babatunde Rabiou	Nigeria	Space weather activities in Africa: observations and research results - II
1230-1300	Christine Amory-Mazaudier	France	Ionosphere at middle and low latitudes in Asian sector
Lunch break (1300-1415)			
1415-1445	Practicle Session / Visit of Ionospheric Research Station		
1445-1515			
1515-1545			
1545-1615			
16 Dec 2021			
0930-1000	Zahra Bouya	Australia	Space Weather effects on Technologies
1000-1030	Chen Li	China	Ionospheric observations with GNSS signal
1030-1100	Afnan Tahir	Pakistan	HF services in Pakistan
Coffee break (1100-1130)			
1130-1200	Pornchai Supnithi	Thailand	Plasma bubble study and applications on positioning and aviation at KMITL, Thailand
1200-1230	Dr Munawar	Pakistan	GNSS ionosphere precursors associated with geomagnetic storm and other natural hazards on Earth
1230-1300	Arslan Tariq	Pakistan	Lithosphere ionosphere coupling associated with seismic activities from GPS and GIM TEC
Lunch break (1300-1415)			
1415-1445	Relly Margiono	Indonesia	The role of geomagnetic observatories and their data quality
1445-1515	Christian Monstein	Switzerland	CALLISTO: Instrumentation - I
1515-1545	Christian Monstein	Switzerland	CALLISTO: Instrumentation - II
1545-1615	Muneeza M. Ali	Pakistan	CALLISTO: Data science
Workshop/ Session close
